Ideation Phase

Brainstorm & Idea Prioritization Template

Brainstorm & Idea Prioritization – AL BLOG_NEST

The team generates multiple solution ideas for AL BLOG_NEST and groups them into related feature areas. The ideas below are proposed project concepts for discussion and prioritization.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Selected Problem Statement: Blog users need a simple platform to create, organize and discover useful blog content without a complicated publishing process.

Step-2: Brainstorm – Idea Listing

Step-2: Idea Grouping for AL BLOG_NEST

Step-3: Idea Prioritization

Prioritization is based on project relevance, user value and implementation feasibility. The scores below are planning values for the AL BLOG_NEST project.

Selected Concept for AL BLOG_NEST

The prioritized concept focuses on a user-friendly blog platform with blog creation/editing, organized content, search, user access, administration and responsive viewing. Additional engagement features can be included as supporting features.

Note: The ideas and prioritization above are proposed project-planning content, not claims of completed implementation or real user research.

Date	**17/09/2026**
Team ID	6ab4c0246603573ccfb4f044
